

Prospective MCHS Student

Thank you for your interest in the Middle College High School at Chattanooga State. This innovative partnership between Hamilton County Department of Education and Chattanooga State is designed to meet the educational needs of high potential students and for some students who may be at risk for successful completion of high school. This is also a program for students that may be dissatisfied in the “traditional high school” setting. Middle College students at Chattanooga State are enrolled in college courses that satisfy high school graduation credits while simultaneously earning college credits. The Middle College program offers its students a “fresh start” and an opportunity to focus on academic pursuits.

Student Criteria

1. Students must have an ACT composite score of 19 or higher (see ACT test information below).
2. Students must be entering their sophomore or junior or senior year in high school.
3. Students must have the maturity to cope with the freedom of a college environment.
