ACCUPLACER® NEXT-GENERATION
Preparation and Registration

The ACCUPLACER® Next-Generation tests are untimed computer-adaptive assessments used for initial placement or as placement challenge tests. You may take each subject test only **_two times_**, so we recommend that you prepare before testing. Use these websites to get an idea what to expect when you test:

ACCUPLACER® Next-Generation test information and links to sample questions:
https://ACCUPLACER.collegeboard.org/educator/next-generation

ACCUPLACER® Next-Generation practice app:
https://ACCUPLACERpractice.collegeboard.org/login

NOTE: If you have questions about which tests you should take or want more information about testing and placement, contact Learning Support at (423)697-2533 or (423)697-5533.

ACCUPLACER® Next-Generation minimum score requirements:

Table 1: This table provides the minimum score requirements on Accuplacer tests for differing academic programs.

Program	ACCUPLACER Reading Minimum score	ACCUPLACER Writing Minimum score	ACCUPLACER Arithmetic Minimum score	ACCUPLACER Quantitative Reasoning Minimum score
Credit students (degree/certificate programs)	250*	250*	Not used for credit placement	250*
TCAT students (most TCAT programs)	230	Not used for TCAT	230	Not used for these TCAT programs
TCAT Medical students (Surgical Tech, Medical Assisting, Massage Therapy)	250	Not used for TCAT	230	Not used for these TCAT programs
TCAT LPN students	250	Not used for TCAT LPN	Not used for TCAT LPN	250

A score of 250 indicates college readiness. Credit students scoring below 250 will enter appropriate co-requisite courses (college course plus learning support course).

Additional study help available in EdReady:

The ACCUPLACER resources do <u>not</u> offer instructional materials to help you <u>learn</u> skills. If you need to review or learn skills, we recommend our **EdReady** website. The EdReady diagnostic tests will help identify the skills you need to work on, and the program will create a **Study Path** with resources to help you learn those skills.

Go to https://chattanoogastatetesting.edready.org. Create an account and use the code chscc to access the EdReady program. Use the tests recommended below to prepare for your ACCUPLACER tests:

Credit students: Use EdReady *English Test 1* <u>and</u> *English Test 2* for help with **ACCUPLACER Reading** and/or **ACCUPLACER Writing** skills. Use EdReady *Math Test 1* <u>and</u> *Math Test 2* for help with **ACCUPLACER Quantitative Reasoning** skills.

TCAT students: Use EdReady *TCAT Reading* for help with **ACCUPLACER Reading** skills. Use EdReady *TCAT Math* for help with **ACCUPLACER Arithmetic** skills.

TCAT medical students: Use EdReady *English Test 1* <u>and</u> *English Test 2* for help with **ACCUPLACER Reading** skills. Use EdReady *TCAT Math* for help with **ACCUPLACER Arithmetic** skills.

TCAT LPN students: Use EdReady *English Test 1* <u>and</u> *English Test 2* for help with **ACCUPLACER Reading** skills. Use EdReady *Math Test 1* <u>and</u> *Math Test 2* for help with **ACCUPLACER Quantitative Reasoning** skills.

Register to take the ACCUPLACER tests here:

https://www2.registerblast.com/Chattanoogastate/Exam/List

Line 1: Select "Placement" from the dropdown menu.

Line 2: Select the appropriate test(s):

<u>**Credit (degree or certificate program) students**</u>: Select **Placement – Writing/Reading/Math** for <u>all</u> tests **or** choose individual tests if you need only one or two tests. DO NOT choose TCAT tests.

<u>**TCAT students (all TCAT programs except LPN)**</u>: Select **Placement - TCAT Reading and Math** for both tests. Choose TCAT Math **or** TCAT Reading if you need to test or retest on one subject only.

<u>**LPN students**</u>: Select **Placement – Reading and Math.** This will register you for the Reading test and the Quantitative Math test required for the LPN program.

Lines 3 and 4: Select your preferred date and time for testing.

Complete the remaining lines with your personal information and submit.

IMPORTANT: You must know your correct A# when you report to take the tests!
