Clery Reporting Information

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the landmark federal law, originally known as the Campus Security Act that requires colleges and universities across the United States to disclose information about crime on and around their campuses.

The "Clery Act" is named in memory of 19 year old Lehigh University freshman Jeanne Ann Clery (pictured) who was raped and murdered while asleep in her residence hall room on April 5, 1986. Jeanne's parents, Connie and Howard, discovered that students hadn't been told about 38 violent crimes on the Lehigh campus in the three years before her murder. They joined with other campus crime victims and persuaded Congress to enact this law, which was originally known as the "Crime Awareness and Campus Security Act of 1990."

The law was amended in 1992 to add a requirement that schools afford the victims of campus sexual assault certain basic rights, and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery.

The law was most recently amended in 2000 to require schools, beginning in 2003, to notify the campus community about where to obtain public "Megan's Law" information about registered sex offenders on campus. This information is kept on file at the ChSCC Police Department.

The Clery Act Requirements

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, more commonly known as the Clery Act, requires colleges and universities to:

- Publish a report annually that contains the prior three years of campus crime statistics and certain campus security policy statements;
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities, including remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other officials who have “significant responsibility for student and campus activities”;
- Provide “timely warning” notices of those crimes that have occurred and pose an ongoing threat to students and employees;
- Implement emergency notification procedures if there is an immediate threat to the health or safety of students and/or employees on campus;
- Disclose in a public crime log “any crime that occurred on campus . . . or within the patrol jurisdiction of the campus police and is reported to the campus police.”

Clery Act Policies and Procedures

Chattanooga State Community College is committed to disseminating relevant and pertinent information regarding reported criminal activities in a timely and reasonable manner to its community and interested parties. To that end, ChSCC has implemented and maintained policies and procedures in compliance with the reporting requirements of the Clery Act and the Higher Education Opportunity Act (HEOA), two pieces of federal legislation that provide guidance in disseminating certain types of information to campus communities and to the general public. Because the Clery Act and the HEOA encompass several areas of campus responsibility, ChSCC utilizes its police department to issue information that pertains to the criminal reporting requirements and policies of these two federal laws. Additional information regarding other areas of reporting requirements may be distributed by other ChSCC departments and/or online at: <http://www.chattanoogastate.edu> or <https://www.chattanoogastate.edu/our-campus/campus-police/>

Policies for Preparing the Annual Disclosure of Crime Statistics

Crime statistics which are provided in this college's Annual Security Report are based upon incidents reported by campus security authorities and local police agencies. This college shall annually report statistics for the three most recent calendar years concerning any occurrence on campus, in or on non-campus buildings or property, and on public property (as those terms are defined and interpreted for purposes of the Clery Act) for occurrences of murder, manslaughter, sexual misconduct, including forcible and non-forcible sexual assault, domestic violence, dating violence and stalking, robbery, arson, aggravated assault, burglary, and motor vehicle theft; statistics on arrests for violations of liquor or drug abuse as well as weapons possession violations; disciplinary referrals for liquor, drug and weapons violations; and statistics on Hate Crimes that are reported to local police agencies or to campus security authorities.

ChSCC Police Department will make the determination as to whether a reportable offense has occurred. These reports will be compiled to prepare the annual Campus Crime and Security Survey for submission to the United State Department of Education, Office of Postsecondary Education. This report will be made available to the public by October 1st of each year. This report will also be posted to the ChSCC website for viewing.

Daily Crime Log

A daily summary of all criminal incidents is made available to the general public at the ChSCC Police Department. All crimes reported to the ChSCC Police Department are posted to the crime log within two business days of the report unless the disclosure is prohibited by law or would jeopardize the confidentiality of the victim. The ChSCC Police Department may also withhold information from the crime log when there is clear and convincing evidence that the release of the information would jeopardize an ongoing criminal investigation or the safety of an individual; cause a suspect to flee or evade detection; or result in the destruction of evidence.

Law Enforcement on Campus

ChSCC Police Department Authority

The ChSCC Police Department is an independent agency certified by the POST (Peace Officer Standards and Training) Commission of Tennessee. The department currently employs 6 full-time police officers, and 9 security officers. The department operates 365 days per year, 24 hours a day. Officers determine the appropriate action for all requests for assistance. Also utilized, when requested, are officers from the City of Chattanooga Police Department, Hamilton County Sheriff's Department and other area law enforcement agencies.

Police Officers are commissioned pursuant to Tennessee Code Annotated, 49-7-118, and to TBR Policy No. 5:01:07:00. Commissioned Public Officers, pursuant to TBR Policy, have all of the police powers necessary to enforce all state laws as well as rules and regulations of the TBR and ChSCC. All officers have graduated from a fully accredited law enforcement training academy and are required to meet all minimum standards set forth for police officers by the State of Tennessee. The department also provides continuing education for its officers in excess of what is required by these minimum standards. ChSCC police officer training (pursuant to TBR Guideline P-100) meets the requirements of the Tennessee POST Commission. The Tennessee Peace Officer Standards and Training commission Rules mandate a Basic Police Course (Chapter 1110-2-.03, Candidate Certification Requirements) and an approved 40 hour in-service training session (Chapter 1110-4, In service Training Requirement) each calendar year.

Public Officers may exercise their authority on all property or facilities owned, leased or operated by the TBR and the college including any public roads or rights of way which are contiguous to or within the perimeter of such facilities or property.

Possession and Use of Weapons

Policy statement regarding the possession and use of weapons by security personnel and any other person:

ChSCC Police Officers are authorized to carry firearms, pursuant to Tennessee Code Annotated 49-7-118(c). ChSCC Police Officers are authorized to use necessary force, including deadly force, to protect themselves or other persons from death or serious bodily harm. Officers' duty weapons are issued by ChSCC Police Department. All Police Officers meet the firearms proficiency standards required by the Tennessee POST Commission.

The possession and use of firearms by anyone other than ChSCC Police personnel is prohibited except for those exceptions specified by the TCA 39-6-1718. All instances of use of a police firearm (including violation of policy, accidental discharge, as well as any authorized discharge) shall be reported immediately to the Chief of Police. All instances of firearm use will be investigated.

As stated in the ChSCC Students' Rights and Responsibilities Handbook: "The possession or use of firearms, slingshots, paint ball guns, "super soakers," explosives, fireworks, inflammable fluids, dangerous chemical mixtures, pellet guns, B.B. guns, propelled missiles, or ammunition (which includes but is not limited to bullets, paint balls, pellets, and B.B.s) and illegal drugs or paraphernalia by students are prohibited.

Information for Faculty and Staff about Concealed Handgun Law

The General Assembly of the State of Tennessee passed **Public Chapter 1061** on April 20, 2016, to take effect on July 1, 2016. The law allows generally all Chattanooga State full-time employees with a valid handgun permit to carry a concealed handgun on Chattanooga State Community College property.

The college has adopted [an updated Firearms and Other Weapons policy \(http://catalog.chattanoogastate.edu/content.php?catoid=5&navoid=337\)](http://catalog.chattanoogastate.edu/content.php?catoid=5&navoid=337) concerning firearms on campus and has attached a list of commonly asked questions to the policy.

Applicants are required to register in person at the ChSCC Police Department Office. Please come to 4501 Amnicola Hwy, MTC-120, to complete paperwork and sign the application in the presence of a sworn ChSCC PD officer. Employees working on other campus sites who intend to carry a concealed handgun on college property must come to the main campus to register.

Applicants must bring their:

- Faculty/staff identification card
- Valid Tennessee driver's license
- Valid Tennessee handgun permit

The registration process requires applicants to acknowledge their responsibilities in carrying a handgun, which include their duty to secure and conceal it. ChSCC PD will retain the list of registered permit holders.

Full-time employees are prohibited from carrying a concealed handgun into meetings concerning tenure and employee discipline. Full-time employees may not carry a handgun into any stadium, gymnasium, or auditorium during college-sponsored events, nor on the premises of the day care center. Other prohibited locations are hospitals and offices where medical and mental health services are the primary services provided.

This new law does not extend the right to carry a concealed handgun on campus to students. Therefore, full-time employees enrolled in a class or classes at ChSCC are prohibited to carry a concealed handgun on ChSCC property while attending class.

ChSCC will offer a voluntary training course that will cover firearm safety, reiteration of statutory requirements and limitations, a review of prohibited locations, personal liabilities, and other pertinent topics. Information on the classes will be provided to registrants.

If you have questions, please contact ChSCC Police at 423-697-4467.

Relationship with federal, state, and local law enforcement

Chattanooga State Police Department has a close working relationship with federal, state, and local law enforcement agencies including the Chattanooga City Police Department and Hamilton County Sheriff's Office. Assistance from the Chattanooga Police Department and Hamilton County Sheriff's Office is utilized when required. Also, assistance from other federal, state, and local law enforcement agencies is requested as required.

Policy on reporting criminal incidents to state and local law enforcement agencies:

ChSCC Police Department will actively investigate any information it receives concerning criminal activity involving a member of the campus community. The department will also supply information regarding any criminal incident to federal, state or local law enforcement authorities if requested to do so.

In addition to the requirements of the Clery Act, ChSCC Police Department forwards a monthly report to the Tennessee Bureau of Investigation of crimes that occur within our campus community. Each year the Bureau takes these monthly reports and publishes a compilation from all institutions of higher education in Tennessee

Monitoring and Recording Criminal Activity at off-campus locations:

Any monitoring of crime off-campus is done by the agency of jurisdiction where the crime took place. Local law enforcement agencies have been requested to forward copies of their reports of all criminal activity occurring on off campus properties belonging to campus affiliated organizations recognized by ChSCC.

Monitoring and recording criminal activity at off-campus organizations:

The College relies on its working relationships with the local law enforcement agencies to receive information about incidents involving students off campus. ChSCC Police Department will cooperate with local law enforcement to investigate any crime information received concerning or involving a member of the campus community or it will supply information regarding the incident as needed or requested to federal, state or local law enforcement authorities.

Victim's Rights

Victim's Disclosure Policy Statement

The college will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Timely Warnings and Emergency Notifications

Making Timely Warnings

An Immediate Notification or a Timely Warning will be distributed campus wide by the ChSCC Police Department when it is reasonably believed that a reported violent crime may endanger additional campus citizens, i.e., employees, students and guests.

Internal Emergency Procedures

ChSCC is committed to notifying persons regarding significant types of threatening events or situations that may occur on or near its campus properties. ChSCC defines **emergency notification** as the attempt to properly and immediately notify persons of events, incidents, or situations that potentially threaten or endanger lives and/or damage to property, and in such cases that the information contained within the notification may substantially reduce the likelihood of individuals or groups being victimized. “Properly” is defined as the reasonable issuance of information given the capabilities of the college and its notification systems. “Immediately” is defined as the release of information as soon as verifiable or credible information can be reasonably received, understood, formatted and delivered via useable mass notification systems. This definition takes into account the fact that everything cannot happen at once: information must be received by decision-makers, a determination must be made that the information should be released, the material must be put together in an understandable manner, and the information must be released and received by viable stakeholders. “Affected persons” includes members of the campus community (i.e., ChSCC employees and ChSCC students) and visitors while on the ChSCC campus. For this designation, members of the ChSCC campus community include any currently employed ChSCC employee and any currently enrolled ChSCC student.

Crimes of Violence Notification

It is the intent of ChSCC to immediately notify all members of its community of incidents or situations on or near ChSCC campus property that have the potential to immediately endanger lives or that threaten severe bodily injury or extensive damage to property. These incidents and situations will typically be characterized as: on-going in nature in that they continue to pose a real or likely threat; they may be mitigated by the quick release of information to the campus community; or the release of information regarding the possible threats in a more immediate fashion may significantly reduce the chances of individuals or groups becoming victims.

It is the intent of ChSCC to make timely warnings to all members of its community of incidents and situations that pose a potential on-going threat or risk in which the threat or risk is not likely to require immediate notification in order to greatly reduce the victimization risk to individuals or groups.

Notification for those previously described incidents that pose a grave and immediate threat to people and/or property will be made using any number of notification systems currently employed by ChSCC. Currently, the notification systems utilized by ChSCC include: e-mail, text messages, fire alarm notification systems, public address systems, web pages, social media, and a voice mail box.

ChSCC utilizes a private vendor (Rave Mobile Safety) to send emergency notifications to all ChSCC employees and ChSCC students via their Rave Mobile Safety accounts.

These accounts are established/maintained by college “bulk uploading” of information periodically from the College’s BANNER system. BANNER is a database system that maintains information regarding each employee and each student at ChSCC. The Rave Mobile Safety accounts may be utilized in sending each ChSCC employee and student an e-mail in the event the campus community is notified of a situation or an event. ChSCC employees and ChSCC students may personalize their Rave Mobile Safety accounts in order to personally and individually choose their own most appropriate notification methods. ChSCC employees and students cannot opt out of receiving e-mails via their Rave Mobile Safety accounts, but they can choose to receive text messages. They can also add additional phone numbers and e-mail addresses for notification purposes.

Emergency Response and Evacuation

The decision to immediately notify the ChSCC campus community will be made on a case-by-case basis by either the President of the College (or designee), the ChSCC Chief of Police (or designee), or any ChSCC Police Officer while acting in an official supervisory role. These decision-makers may also determine that a particular building or structure on campus, an area of campus, the entire campus, or other college owned or leased property should be immediately evacuated in order to create or maintain a safer situation for persons inhabiting those areas. In these instances, the aforementioned authorities may require evacuated persons to temporarily refrain from remaining or entering specified areas of campus or ChSCC property for safety purposes. In those cases, ChSCC employees, students and visitors may be informed as to how to leave a campus or property. They may also be informed as to where they should assemble or disperse.

In making the decision about whether or not to activate emergency notification systems or to order an evacuation of a ChSCC campus and/or property, a decision-maker should consider: Does the event pose a significant or likely threat to the general campus community?

- Is the threat from the event likely to still exist?
- Is there evidence that the threat has subsided or moved away thereby no longer posing a danger or a hazard?
- Has there been a significant amount of time transpired from the time of the incident to the present that would reasonably lead one to presume that the threat or the danger is no longer in the area?
- Will notification about the incident provide persons with knowledge that, if utilized, would likely reduce or reasonably eliminate the possibility that they would be victimized by the threat?

Each situation requires that decisions regarding the public’s safety be measured and determined on a case-by-case basis.

A statement regarding emergency response and procedures:

The procedures ChSCC will use to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus:

The methods of communication include network emails, emergency text messages that can be sent to a cell phone (individuals can sign up for this service on the College's Tigerweb site), audible tones/alerts from inside building fire alarm systems, outside public address speakers, and building fire alarm speaker systems. The College will post updates during a critical incident on the College's website at: <http://www.chattanoogastate.edu>.

A description of the process ChSCC will use to:

- Confirm that there is a significant emergency or dangerous situations as described above:
- Determine the appropriate segment or segments of the campus community to receive a notification:
- Determine the content of the notification:
- Initiate the notification system:

ChSCC Police Department typically receives information from individuals and various offices/departments on campus regarding suspicious activity and criminal incidents. If the ChSCC Police Department confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the ChSCC Community, the department, president's office, and public information officer will collaborate to determine the content of an emergency notification message and will use some or all of the systems described below to communicate the threat to the ChSCC Community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

ChSCC Police Department, President's Office, and Public Information Officer will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: ChSCC Police Department, Chattanooga Police, Hamilton County Sheriff's Office and/or the Chattanooga Fire and Emergency Medical Services), compromise the efforts to assist a victim, to conduct an adequate and competent criminal investigation or to contain, respond to, or otherwise mitigate the emergency.

ChSCC's procedures for disseminating emergency information to the larger community:

Critical incidents on-campus may have an impact on the larger community. In order to disseminate emergency information, the College will post updates during critical incidents on the College's website at: <http://www.chattanoogaastate.edu>.

The president's office and Public Information Officer will work with news agencies to distribute ChSCC press releases, as they are made available, concerning critical incidents.

Local Agency Cooperation

The ChSCC Chief of Police has met with the City of Chattanooga Chief of Police requesting their cooperation in informing the college about situations reported to them that may warrant an emergency response.

ChSCC's procedures to test the emergency response and evacuation procedures on at least an annual basis, including:

Emergency Evacuation Procedures

In an effort to better prepare for emergencies, fire drills are conducted for each building on campus in the Spring and Fall semesters. Only one drill is announced. The purpose of these drills is to prepare building occupants for an organized evacuation in case of fire or other emergencies.

Emergency preparedness presentations are done in the Spring and Fall semesters. These presentations inform students, faculty, and staff to take shelter in their designated "safe place". Members are not required to leave their classrooms or offices, but are asked to review emergency procedures.

ChSCC Police Department has also implemented a series of training sessions to discuss "active shooter" situations on campus. These sessions discuss the police response to an active shooter, sheltering in place, and the survival mindset needed in this type of encounter.

Policies on responding to specific emergency situations on campus:

Fires or Fire Alarms: Persons should activate the building alarm system upon detecting a fire or visible smoke and immediately evacuate the building. Persons should REPORT ALL FIRES, regardless of size (even if extinguished); smoke; or fire alarms on campus to the Fire Department by dialing 911. *Be prepared to state your location.*

Medical Emergencies: Request an Ambulance and immediate medical assistance on campus by dialing (423) 595-3651 OR 911. *Be prepared to state your location.*

Bomb Threats: Report bomb threats or the discovery of suspicious objects or devices on campus by dialing (423) 595-3651 OR 911. *Be prepared to state your location.*

Tornadoes: Alert other building occupants and move to the safest place in your building and/or complex. DO NOT PULL A FIRE ALARM - do not leave the safety of the building unless it is to seek shelter in a designated "safe place" in a nearby structure or building. If a tornado designated "safe place" is unavailable, seek shelter in the middle of the building. Take cover next to heavy furniture or in an interior hallway against a strong, inside wall on the lowest floor. Do not leave a relatively safe place nor get in a vehicle and attempt to drive. Follow the instructions of emergency response personnel or remain in your area until ChSCC Police Personnel or other emergency response personnel give the all clear signal.

Other Emergencies: All other emergencies on campus may also be reported by dialing (423) 595-3651 or 911. *Be prepared to state your location* PERSONS WITH DISABILITIES: If you have a disability you should notify your instructor in each of your classes or your supervisor that you have a disability and will require assistance in case of an emergency. Instructors or supervisors must notify emergency response personnel, either police or fire department, of any persons with disabilities in their classes or area of responsibility.

Reporting Crimes and Other Emergencies on Campus

All faculty, staff, students and general visitors, of the college community as well as guests are urged to report any crime and suspicious activity to the ChSCC Police Department as soon as possible. This allows law enforcement officers and/or the appropriate personnel to respond and take appropriate action. ChSCC Police Department may be reached 24 hours a day at 423-595-3651 (4467 from campus telephones). All emergency needs for fire, medical, or police assistance can also call 911. A critical loss of time may be averted by calling ChSCC police direct.

ChSCC Police personnel respond to all calls for assistance that involve potential criminal incidents, medical injuries or other emergencies that occur on ChSCC's campus. Occasionally complainants may be referred to other ChSCC Departments or to agencies outside ChSCC for appropriate assistance or guidance depending on the particular incident. ChSCC Police personnel will also contact other agencies, such as the Hamilton County Emergency Medical Services or the Chattanooga Fire Department, to assist with ongoing or reported incidents that require additional resources, expertise, or specialized assistance.

Anonymous Reporting

ChSCC Police encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, Police cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other ChSCC campus police authorities as identified below.

Campus Security Authorities

A list of titles of each person or organization to whom students and employees should report criminal offenses described in the law for the purpose of making timely warning reports and the annual statistical disclosure.

To report a crime:

Contact Chattanooga State Police Department at 697-4467 (non-emergencies), dial 9-1-1 (emergencies only), or by using any campus telephones and dialing 4467. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other ChSCC campus security authorities as identified below.

Campus Security Authorities are individuals having responsibility for campus security, who are not members of the college law enforcement department, such as those responsible for monitoring the access to university facilities or property:

- All employees, including student employees, who work in a position where they control or monitor access to some part of campus.
- Any person or organization specified in the ChSCC Police Department campus security policy as one to which student and employees should report criminal offenses.

Pastoral and Professional Counselors

Crimes disclosed to a pastoral or mental health counselor, serving in that capacity at the time of disclosure, are not subject to mandatory reporting. The term "pastoral counselor" is defined as a person who is associated with a religious order or denomination that recognizes him/her as someone who provides confidential counseling.

The term "mental health counselor" is defined as a fully qualified and/or licensed professional whose official responsibilities include providing mental health counseling to members of the college's community and is functioning within the scope of his/her license or certification. This exemption does not relieve counselors of the duty to exercise reasonable care to protect a foreseeable victim from danger posed by the person being counseled. When speaking to a victim or witness to a crime, counselors are encouraged to inform the individual of voluntary disclosure procedures.

Security Of and Access to Campus Facilities

Security of and access to campus facilities:

The campus and facilities of the College are restricted to students, faculty, staff, guests, and invitees of the College, except when part or all of the campus, buildings, or facilities, are open to the general public for an approved and designated time and purpose. All persons on the campus of the College, including faculty, staff, guests, and invitees, shall be subject to all rules and regulations of the TBR which are applicable to the conduct of students on campus, and to all applicable federal and state laws and regulations. For security reasons, not all ChSCC buildings are open to the public. The campus and facilities of ChSCC are governed by the TBR (Policy No. 3:02:02:00).

All persons on the campus of the College shall provide adequate identification upon request to appropriate officials and police personnel of the College. Personnel and students of the College who refuse to provide such identification may be subject to disciplinary action; other persons who refuse to provide such identification shall be requested to leave campus, and if they refuse, may be subject to lawful removal and prosecution.

Security considerations used in the maintenance of campus facilities:

Police personnel report all hazardous or unsafe campus conditions found to exist. These conditions may include overgrown trees or landscaping and a lack of outdoor lighting or inoperable lights. These reports are sent directly to each respective department or to central work orders to ensure expeditious corrective measures are taken.

The Plant Operations Department strives to ensure that all buildings and structures are properly maintained to meet fire, safety, health and other required codes and regulations. This includes providing climate controlled, clean, properly supplied facilities, so that faculty, staff and students have comfortable surroundings in which to work and receive training and an education. They also serve as a communication link and liaison between facilities services employees and the campus community.

The State Fire Marshal reviews existing campus occupancies and conditions, the design and construction of new buildings, remodeling of existing buildings, and additions to existing buildings to determine the acceptability of technologies, processes, products, facilities, materials and uses attending the design, operation or use of a building or premises under applicable codes. The State Fire Marshal shall have the authority to require plans and specifications to ensure compliance with applicable codes and standards.

Crime Prevention

Type and Frequency of Programs to Inform Students/Employees about Campus Security Procedures

In addition to the information in this report, programs designed to inform students/employees about security procedures are available.

A description of programs to inform students about the prevention of crimes:

ChSCC Police Department welcomes new students each summer during the orientation process. A security program is presented and an information packet is distributed to all new students who attend orientation sessions. This information is also available at the Police Department upon request. Additional Crime Prevention Programs, which include RAD, i.e., "Date/Stranger Rape," Alcohol Awareness, Individual Security, and Operation ID are presented throughout the academic year upon request. To request an officer to present a program to a class, department, or other organized group, please contact ChSCCPD at 423-697-4467

An employee orientation is offered to all new employees by ChSCC Human Resources. The orientation is an overview of the ChSCC campus and the many services available to its employees. The ChSCC community and visitors are encouraged to utilize the Police Safety Escort Program. 3. Immediate Actions a Victim Should Take

3.1 In the immediate aftermath of a sexual assault, domestic violence, dating violence or similar event, the most important thing is for the victim to get to a safe place.

3.2 When a feeling of safety has been achieved, the victim should seek medical attention, regardless of his or her decision to report the crime to the police. It is very important for the victim of sexual assault to seek medical attention immediately so that the victim can be screened for sexually transmitted diseases/pregnancy/date rape drugs, obtain emergency contraception, and receive treatment for any physical injuries.

3.3 A victim has the right to accept or decline any or all parts of a medical exam. However, critical evidence may be lost or missed if not collected or analyzed.

3.4 Valuable physical evidence can be obtained from the victim and the victim's clothing. A victim should make every effort to save anything that might contain the offender's DNA. Therefore, a victim should not:

3.4A Bathe or shower

3.4B Wash his/her hands

3.4C Brush his/her teeth

3.4D Use the restroom

3.4E Change clothes **3.4F**

Comb hair

3.4G Clean up the crime scene

3.4H Move anything the offender may have touched

3.5 Even if the victim has not yet decided to report the crime, receiving a forensic medical exam and keeping the evidence safe from damage will improve the chances that the police can access and test the stored evidence at a later date.

3.6 Victims of sexual misconduct are encouraged to preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to investigators.

4. Reporting Sexual Misconduct

The College encourages victims of sexual violence to talk to somebody about what happened so they can get the support they need and so the College can respond appropriately. Though reports will be kept as confidential as possible, the College cannot guarantee the confidentiality of every report or complaint. The following provisions detail the confidentiality options available to individuals.

Reporting Confidentially

4.1A If a victim chooses to report an incident of sexual misconduct to an employee of ChSCC, the College will initiate and pursue an investigation of the incident. If a victim instead wishes to report an incident of sexual misconduct in a confidential manner, they should contact one of the following entities:

Belinda Smith
IMC-124F
Chattanooga State Community College
423-697-3228
Belinda.smith@chattanoogastate.edu

4.1 B If the victim chooses to report in a confidential manner, the College may be unable to conduct an investigation into the matter or pursue disciplinary action against the alleged offender.

4.2 Filing an Institutional Complaint

4.2 A Reports of acts of sexual misconduct made to any employee of the College must be reported to the Title IX/EEO Coordinator, and the College will take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

- The College shall not share information with law enforcement without the victim's consent or unless the victim has also reported the incident to law enforcement.
- Before a complainant reveals any information to an employee, the employee must ensure that the complainant understands the employee's reporting obligations.
- If the complainant wants to maintain confidentiality, the employee must direct the victim to confidential resources as detailed in Section IV.A. of this policy.
- If the complainant wants to tell an employee what happened but also maintain confidentiality, the employee must advise the complainant that the College will consider the request, but cannot guarantee that it will be able to honor it. In reporting the details of the incident to the Title IX/EEO Coordinator, the employee will also inform the Coordinator of the complainant's request for confidentiality.

4.2B An incident may be directly reported to the Title IX/EEO Coordinator:

Brian Evans (Human Resources)
CBIH 222
Chattanooga State Community College
(423)-697-2417
Brian.evans@chattanoogastate.edu

5. Role of Title IX /EEO Coordinator

5.1 The College's Title IX/EEO Coordinator is responsible for oversight all Title IX and other incidents of sexual misconduct reported to the institution and for implementation of this policy. This will include but not be limited to, identifying and addressing any systemic gender-based harassment, discrimination, and sexual misconduct. The Title IX/EEO Coordinator's responsibilities include, but are not limited to, the following:

- 5.1D** Coordination and oversight of training for anyone involved in responding to, investigating, or adjudicating sexual misconduct
- 5.1E** Coordination and oversight of training for employees related to their responsibility when they are aware of sexual misconduct
- 5.1F** Coordination and oversight of annual training for investigators, decision makers, hearing officers and hearing committee members on the issues related to sexual misconduct and on how to conduct an investigation and hearing process that protects the safety of complainants and promotes accountability

5.1 G Attending appropriate training annually on topics related to responding to or investigating allegations of sexual misconduct.

5.2 The Title IX/EEO Coordinator may designate deputies and investigators (“designees”) to assist in carrying out any of the responsibilities related to implementing this policy.

5.3 The Title IX/EEO Coordinator shall report at the beginning of each new school year to TBR’s Office of General Counsel the name of and contact information for the College’s Title IX Coordinator.

6. Investigation Requirements and Procedures

6.1 All proceedings will include a prompt, fair, and impartial investigation and result. The College will provide the respondent and complainant equitable rights during the investigative process.

6.2 All complaints of sexual misconduct shall be presented to the Title IX/EEO Coordinator for investigation and appropriate disposition.

6.3 Mediation between the complainant and respondent will never be considered an appropriate resolution in sexual misconduct cases.

6.4 Initiating an Investigation

6.4A Absent good cause, within three (3) business days of receipt of a report of sexual misconduct the Title IX/EEO Coordinator or designee shall attempt to reduce the complaint to writing with confirmation by the complainant that includes information related to the circumstances giving rise to the complaint, the dates of the alleged occurrences, and names of witnesses, if any. The complainant should be encouraged to complete a complaint form and submit a detailed written report of the alleged incident.

6.4B When the complainant chooses not to provide a written complaint, the Title IX Coordinator or designee will still investigate and take appropriate action.

6.4C Both before and during the pendency of the investigations, the Title IX Coordinator shall consult with the complainant and consider what, if any, interim measures may be necessary.

6.4D Complaints made anonymously or by a third party will be investigated to the extent possible.

- 6.4E** After consultation with TBR General Counsel, if the Title IX/EEO Coordinator determines that the complaint contains an allegation of sexual misconduct, the Title IX/EEO Coordinator shall follow the procedures set forth in this policy to investigate and adjudicate the complaint.
- 6.4F** The Title IX/EEO Coordinator may appoint a qualified, sufficiently trained person to investigate the allegations made in the complaint.
- 6.4G** Only one person shall be identified as the lead investigator for a complaint.
- 6.4H** Investigations shall be conducted by officials who do not have a conflict of interest or bias for or against the complainant or respondent.
- 6.4I** If the complainant or respondent believes the assigned investigator has a conflict of interest, that party must submit a written explanation of the reason for that belief to the Title IX/EEO Coordinator. When the allegation of sexual misconduct or other conflict of interest is raised against the Title IX/EEO Coordinator, the President will identify an individual who has been trained in investigating such allegations to investigate the allegation and carry out the responsibilities assigned pursuant to this policy. If it is against some other person that has been assigned to the investigation, the TITLE IX/EEO Coordinator will reassign the investigation to an individual who has been trained in investigating such allegations. When the allegation of harassment is against the President, the TITLE IX/EEO Coordinator or designee shall notify the OGC who will assign an investigator who will make his/her report to the Chancellor.
- 6.4J** The explanation must be submitted within three (3) business days, absent good cause, of the time when the party knew or should have known the facts that would give rise to the alleged conflict of interest. The Title IX/EEO Coordinator or where appropriate, the President, will determine if the facts warrant the appointment of a different investigator and respond to the parties in writing within three (3) business days, absent good cause. The decision shall be final.

6.5 What the investigation should and should not entail

- 6.5A** Once the incident report is received, the investigator shall notify the Complainant in writing of his/her rights and request a meeting.

- 6.5B** The investigator shall also notify the Respondent in writing of the complaint and his/her rights and schedule a meeting.
- 6.5C** The investigator shall notify the Complainant, Respondent, and all individuals interviewed during the investigation that retaliation is strictly prohibited and may be grounds for disciplinary action. The investigator shall also instruct the participants that the investigation shall be treated as confidential and that any discussions regarding the investigation outside of the interview may constitute retaliation. In addition, the investigator shall advise all interviewees that they should report any activity that they perceive as being retaliatory.
- 6.5D** The investigation shall include interviews with both the Complainant and Respondent, unless the Complainant declines an in-person interview.
- 6.5E** The Complainant and Respondent shall be provided with the same opportunities to have others present during an interview, including the opportunity to be accompanied by the advisor of their choice to any related meeting or proceeding.
- 6.5F** The College will not limit the choice of advisor for either the Complainant or Respondent; however, the investigator may limit the participation of advisors during the investigation. Any limits imposed will be the same for both complainant and respondent.
- 6.5G** The investigation shall include interviews with relevant witnesses identified by the Complainant and Respondent or any other potential, relevant witness made known to the investigator via other means.
- 6.5H** The investigator is expected to request a list of relevant witnesses and evidence from Complainant and Respondent and take such into consideration.
- 6.5I** The investigation shall include the gathering and reviewing of any documentary, electronic, physical, or other type of relevant evidence.
- 6.5J** The investigator shall not consider any evidence about the Complainant's prior sexual conduct with anyone other than the Respondent. Evidence of a prior consensual dating or sexual relationship between the parties by itself does not imply consent or preclude a finding of sexual misconduct.

7. Timeframe for Conducting the Investigation

- 7.1** Every reasonable effort shall be made to conclude the investigation and resolve the complaint within sixty (60) calendar days following receipt of the complaint. Within this sixty (60) day timeframe, absent good cause, it is expected that the investigator will conclude the investigation, that the investigator will present a

report to the decision maker, and that the investigator will notify the parties in writing of decision maker's determination.

- 7.2** If the investigator or decision maker determines that additional time is needed, both parties shall be notified in writing of the delay, the anticipated date that the investigation will be concluded, and the reasons for such delay.
- 7.3** If either party determines that additional time is needed, that party shall request such in writing to the investigator. The written request for additional time shall include the reasons for the requested delay and the number of additional days needed. The investigator shall make every reasonable effort to respond accordingly.

8. Outcome of Investigation and Determination of Appropriate Action

- 8.1** Upon completion of the investigation, the investigator shall prepare a written report that includes the allegations made by the Complainant, the response of the Respondent, corroborating or non-corroborating statements of the witnesses, and review of other evidence obtained, and conclusions that may be drawn from the evidence gathered.
- 8.2** It is the responsibility of the investigator to weigh the credibility of all individuals interviewed and to determine the weight to be given to information received during the course of the investigation.
- 8.3** At the completion of the investigation, the Title IX/EEO Coordinator will make a determination as to whether a violation of the sexual misconduct policy has occurred, and where appropriate, determine the proper disciplinary/corrective action. The Title IX/EEO Coordinator shall utilize "the preponderance of the evidence" standard when making the determination. Corrective Actions for student respondents will include, but not be limited to those provided in the College's student discipline policy. Those sanctions can include suspension or expulsion from the College. Sanctions for employees can include any appropriate potential employment action from a reprimand up to, and including, termination of employment.
- 8.4** The Title IX/EEO Coordinator's determination shall be communicated in writing simultaneously to the Complainant and Respondent, along with notice to the parties of their right to request an institutional hearing on the determination that a policy violation did or did not occur.
- 8.5** Either the Respondent or the Complainant may appeal the decision of the Title IX/EEO Coordinator.

8.5A If the Respondent is a faculty member, the appeal shall be to the Vice President for Academic Affairs.

8.5B If the Respondent is a student or non-faculty employee, the appeal shall be to the Vice President for Student Affairs.

8.5C Appeals to the Vice President shall be delivered to the Title IX/EEO Coordinator within ten (10) days from receipt of notice of the decision of the Title IX/EEO Coordinator.

8.5D The appeal shall be conducted consistent with the procedures established in Chattanooga State Community College policy 3:02:00:06 Part 6, (3) and (4) for hearings conducted by the Student Affairs committee.

8.5E Vice Presidents will apply the preponderance of evidence standard in their proceedings.

8.5F All notices from the Vice Presidents will be delivered to the Complainant and Respondent at the same time and in the same form.

8.6 Both the Complainant and the Respondent shall have an opportunity to appeal the Vice President's decision to the President.

8.6A Appeals to the President shall be delivered to the Title IX/EEO Coordinator within ten (10) days from receipt of notice of the Vice President's decision.

8.6B The appeal process shall consist of an opportunity for the parties to provide information to the institution's attention that would change the decision. The appeal process will not be a de novo review of the decision, and the parties will not be allowed to present their appeals in person to the President unless the President determines, in his/her sole discretion, to allow an in-person appeal.

8.6C The appealing party must explain why he/she believes the factual information was incomplete, the analysis of the facts was incorrect, and/or the appropriate legal standard was not applied, and how this would change the determination in the case. Failure to do so may result in a denial of the appeal.

8.6D The President will issue a written decision regarding the appeal as promptly as possible. This decision will constitute the institution's final decision with respect to the allegation of sexual misconduct.

8.6E The President will apply the preponderance of evidence standard in his/her proceedings.

- 8.6F** All notices from the President will be delivered to the Complainant and Respondent at the same time and in the same form.

9. Other Applicable Procedures

After the determination becomes final, and where disciplinary action results in termination of employment, suspension or expulsion, the affected party shall have the right to utilize policies applicable to their status, (e.g., employee, student, faculty) to appeal the sanction only. Refer to policies concerning grievances and tenure.

Complainant shall receive all notices relative to these proceedings that the Respondent receives at the same time and in the same form, shall be entitled to be present at all proceedings, to inform any hearing body of relevant witnesses or evidence, to testify, and receive all notices of determination at the same time and in the same form at all levels of the proceedings.

10. Interim Measures

- 10.1** In situations that require immediate action because of safety or other concerns, the College will take any reasonable administrative action that is appropriate. Examples of such interim actions include, but are not limited to:

10.1A Providing an escort to ensure that the complainant can move safely between classes and activities

10.1B Ensuring that the complainant and respondent do not attend the same classes

10.1C Providing access to counseling services

10.1D Providing information and assistance with securing appropriate medical services

10.1E Provide academic support services

10.1 F Assist the complainant with appropriate academic options to minimize adverse affects to the complainant's academic records

- 10.2** These remedies may be applied to one, both, or multiple parties involved.

- 10.3** Student respondents may be placed on interim suspension under the appropriate circumstances pending the outcome of the investigation. The College shall follow TBR Policy 3:02:00:02 General Regulations on Student Conduct & Disciplinary Sanctions and Chattanooga State Community College Policy 03:02:00:04 (2) (m) and 3:02:00:06 (5) before placing a student respondent on interim suspension.

Alcohol and Drugs

TBR 1:07:00:05 General Policy on Alcoholic Beverages states;

A. The possession or consumption of alcoholic beverages on property owned or controlled by the college is prohibited except as provided in this policy.

B. Faculty, staff, students, or visitors who are at least twenty one (21) years of age may possess unopened containers of alcoholic beverages within their personal vehicles, provided that they may not open the containers or consume the contents while on the property owned or controlled by the college

Various federal and state statutes make it unlawful to manufacture, distribute, dispense, deliver, or sell or possess with intent to manufacture, distribute, dispense, deliver, or sell controlled substances. The penalty imposed depends upon many factors which include the type and amount of controlled substance involved, the number of prior offenses, if any, and whether any other crimes were committed in connection with the use of the controlled substance. Possible sanctions include incarceration up to and including life imprisonment and imposition of substantial monetary fines. Tennessee statutes provide that it is unlawful for any person under the age of twenty-one (21) to buy, possess, transport (unless in the course of employment), or consume alcoholic beverages, wine, or beer, such offense being classified a Class A misdemeanor punishable by imprisonment for not more than 11 months, 29 days or a fine of not more than \$2,500 or both.

The receipt, possession, or transportation of alcoholic beverages without the required revenue stamp is also a misdemeanor punishable by imprisonment of not more than thirty (30) days or a fine of not more than \$50 or both. Information about how use of drugs and/or alcohol affects health is available at the Health, Wellness, and Recreation Center.

ChSCC does currently provide drug/alcohol counseling, treatment, and rehabilitation programs for faculty, staff and students. Referral to community treatment facilities may be made in appropriate cases. ChSCC will impose sanctions against individuals who are determined to have violated rules prohibiting the use, possession, or distribution of illegal drugs or alcohol.

Sanctions for students using or possessing illegal drugs or alcohol include disciplinary probation and, in appropriate cases, suspension from the college. Referral for criminal prosecution may be made in appropriate cases.

Individuals involved in the sale or distribution of illegal drugs will be suspended from the college and referred to the appropriate authorities for criminal prosecution. All employees, including students, agree as a condition of employment to abide by this policy. Sanctions against employees for use or possession of illegal drugs or alcohol in the workplace include termination of employment. Additionally, employees are required to notify the institution of any drug convictions resulting from a violation in the workplace no later than five days after the conviction.

A. A policy regarding the possession, use and sale of illegal drugs and enforcement of federal and state drug laws:

The following information is presented in compliance with the Drug-Free Schools and Communities Act Amendment of 1989:

ChSCC prohibits the possession, use, or distribution of illegal drugs and alcohol on the campus proper or on institutionally owned, leased, or otherwise controlled property. Various federal and state statutes make it unlawful to manufacture, distribute, dispense, deliver, or sell or possess with intent to manufacture, distribute, dispense, deliver, or sell controlled substances. The penalty imposed depends upon many factors which include the type and amount of controlled substance involved, the number of prior offenses, if any, and whether any other crimes were committed in connection with the use of the controlled substance. Possible sanctions include incarceration up to and including life imprisonment and imposition of substantial monetary fines. Tennessee statutes provide that it is unlawful for any person under the age of twenty-one (21) to buy, possess, transport (unless in the course of employment), or consume alcoholic beverages, wine, or beer, such offense being classified a Class A misdemeanor punishable by imprisonment for not more than 11 months, 29 days or a fine of not more than \$2,500 or both. The receipt, possession, or transportation of alcoholic beverages without the required revenue stamp is also a misdemeanor punishable by imprisonment of not more than thirty (30) days or a fine of not more than \$50 or both. Additional information about how use of drugs and/or alcohol affects health is available at the Health, Wellness, and Recreation Center.

ChSCC will impose sanctions against individuals who are determined to have violated rules prohibiting the use, possession, or distribution of illegal drugs or alcohol. Sanctions for students using or possessing illegal drugs or alcohol include disciplinary probation and, in appropriate cases, suspension from the College. In addition, residence hall students will be removed from the housing system for the use or possession of illegal drugs or drug paraphernalia. Referral for criminal prosecution may be made in appropriate cases. Individuals involved in the sale or distribution of illegal drugs will be suspended from the College and referred to the appropriate authorities for criminal prosecution. All employees, including students, agree as a condition of employment to abide by this policy. Sanctions against employees for use or possession of illegal drugs or alcohol in the workplace include termination of employment. Additionally, employees are required to notify the institution of any drug convictions resulting from a violation in the workplace no later than five days after the conviction. No alcoholic beverages, illegal drugs, or drug paraphernalia are permitted on the campus of ChSCC.

B. ChSCC policy concerning a drug free workplace:

It is the policy of ChSCC that a drug-free workplace be maintained. The **unlawful** manufacture, distribution, possession, or use of any **controlled** substance (including prescription drugs) is banned in the workplace. Controlled substance list is available in the Human Resource Services Office and include such things as opium, hallucinogens (like marijuana, mescaline, etc.), cocaine, amphetamines, heroin, and morphine. This policy does not prohibit the **lawful** use of prescribed drugs which are taken under a doctor's care.

ChSCC strives to maintain a workplace environment for all employees who are safe and free of illegal drugs, in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989.

The Employee Assistance Program (EAP) is a short-term counseling service available to you and your immediate family members who may be experiencing personal or workplace problems. Eligible employees may participate in the statewide EAP to receive consultation and referral for alcoholism or substance abuse. All college employees are eligible for referral assistance through the ChSCC Employee Assistance Program, coordinated by ChSCC Human Resources Services. The Office of Human Resources Services maintains a list of campus and community agencies which provide referral information, and/or counseling to students and employees.

The ChSCC Counseling Center, a student services unit within the Division of Student Affairs, offers limited assistance through personal counseling services for students who are experiencing alcohol and drug abuse problems. Counselors utilize community resources through professional referrals when appropriate. Additionally, Public Safety and counselors in the Counseling Center offer educational programs about alcohol and drug abuse for university student organizations and residence hall programming. The ChSCC Counseling Center is also available to students requiring counseling and referral services.

D. Drug and Alcohol Abuse Education Programs

A description of any drug or alcohol abuse education programs as required under Section 120(a) through (d) of HEA. For the purpose of meeting this requirement, an institution may cross-reference the materials it uses to comply with Section 120(a) through (d) of HEA: ChSCC recognizes that the use of alcohol and drugs can have a negative impact on students and the learning process. In order to inform students of these hazards, ChSCC Counseling Services provides educational outreach programs.

Missing Persons

A statement regarding your missing student notification procedures:

Most missing student reports in the College environment are a result of students changing their normal routine and failing to inform roommates, families, or friends. In compliance with Section 488 of the Higher Education Act of 2008, students have the option to identify the telephone number of a confidential contact person who will be notified within 24 hours by the College if the student is determined to be missing. Additionally, the College is required to notify students that their custodial parent or guardian will be notified if the student is less than 18 years of age, is not emancipated, and is determined to be missing.
