

### ***Answers to Frequently asked Questions***

- Generally only families with a maximum income of \$40,000/year, combined with evidence of academic responsibility will be considered; however, consideration may be made for extenuating circumstances.
- Scholarship applications are renewable contingent upon availability of funds and successful progress in the program. Students are responsible for confirming renewal of scholarship each semester.
- A Polytech Academy scholarship committee makes scholarships recommendations to the ChSCC. Once the Early College department is notified of the committee's final decision, letters will be sent to the recipients, their guidance counselors, and the financial aid office of CHSCC.
- Polytech Academy scholarships are made possible by grants from local funders. They are not affiliated in any way with state or federal financial aid. Scholarships are granted on a combination of academic merit and financial need. Students who receive a scholarship one semester are not guaranteed scholarships thereafter, as available funds and the qualifications of the students fluctuate throughout the year.
